90 sleeps to GIRFEC live!

The final draft of the Moray Child’s Plan and Pathway are in the process of being finalised and will be shared with the relevant partnership group for ratification and comment. Hopefully this will be launched in the new term. This has been the result of a lot of discussion and feedback from a variety of professionals from Third sector, Health, Education, Social Work and police. It is hoped that through the Named Person and Lead Professional training in May and June, this will move us towards a single planning process and a shared understanding of how we can Get It Right in Moray.

[Improving Wellbeing](#) - An e-learning module for GIRFEC that has been developed by NHS Scotland and recommended by the Moray Learning & Development Group. A resource for all staff who work directly or indirectly with children, young people and their families as well as frontline staff who provide services to the public. This is a basic introduction to what GIRFEC is and means in practice for staff.
