

# PARENTAL CONSENT – PHOTOGRAPHS AND FIELDWORK

## Press and Website Photographs, Media filing and Recording in school

As you will be aware, opportunities arise from time to time for the press, television and radio to record events in educational establishments. Photographs of pupils (without names) also appear on the school website. The school is required to seek your consent for your child to be filmed, photographed or recorded by any media organisation which may use the material in a way which associates your child with this school. Please circle "YES" to give permission for your child to be filmed, photographed or recorded by any media organisation. If you circle "NO" your child's name will be added to a confidential list issued to staff of pupils who cannot appear in any press photographs etc.

## Out of School Curricular Activities

During each session your son or daughter may take part in occasional out of school curricular activities. These activities are routine and are part of the course(s) being followed by your son or daughter. In all circumstances, pupils are thoroughly briefed by staff on the nature, location and duration of the activity. In order that your son or daughter can take part in these activities, we need your consent for him/her to be out of school.

**Please note that for any non-routine course, trip, activity or excursion you will receive full relevant details and a consent form for the specific event.**
