

Planning Enforcement enquiry form

PLANNING SERVICES – Development Management

Please use this form to submit any complaints or queries you have regarding a development or use of land or buildings which is causing you concern. You should try to provide as much information as possible; any additional information you can give us, such as photograph, or a diary of events, will help us to get a clearer picture of the alleged breach of planning control. Before you send us the form, you may wish to look at our **Enforcement Charter** at <http://www.moray.gov.uk/downloads/file103308.pdf> which explains the Enforcement system and powers.

Completing the Planning Enforcement complaint form will help both you and the council in a number of ways:

- It provides a written record of the primary evidence which initiated an investigation and possible formal legal action;
- It ensures that we have enough information to investigate your complaint fully;
- It gives you the opportunity to register your concerns about the development and its affect on your amenity;
- It helps us to establish priorities and to use resources efficiently.

What is the nature of the alleged breach?

The support of complaints is important in determining the outcome of an enforcement investigation. We will treat your complaint as confidential during our initial enquiries and as much as possible after that. However, should the matter end in court action the testimony of witnesses could be necessary in securing a successful prosecution.
