

Children 1st **Moray** Rights, Advocacy and Mediation Service

In Moray, we believe you should have a say in the decisions which affect you.

We support children and young people who are involved in formal decision making meetings to ensure their views are heard. This includes child protection, exclusion and child planning meetings.

We work alongside young people to offer support at important meetings, speaking on their behalf or supporting and enabling them to speak up for themselves.

We also offer advice and support to children and young people to help them understand their rights, explore their options and make decisions about what they want to do.

We will safeguard children's rights by:

- Enabling them to have their voices heard
- Ensuring their views are presented at meetings
- Supporting them to feel listened to

If you would like to find out more about the service, or make a referral, please get in touch:
