

## 2. Garden items (continued)

Yes please

- \* Lawn mower
- \* Parasol
- \* Plant pots (no soil)
- \* Rabbit hutch
- \* Slide
- \* Strimmer
- \* Swing
- \* Whirly dryer

No thanks

- \* **Outhouse**
- \* **Sods (turf)**
- \* **Trees**

## 3. Home improvements and furniture

Yes please

- \* Bed
- \* Bookcase
- \* Carpet
- \* Chair
- \* Chest of drawers

No thanks

- \* **Asbestos**
- \* **Bathroom suite**
- \* **Cement block**
- \* **Central heating (boiler, pipe, radiator etc)**
- \* **Doors**
- \* **Fitted bathroom**
- \* **Fitted kitchen**
- \* **Fuel tank**
- \* **Glass**
- \* **Mirror**
- \* **Piano**
- \* **Plasterboard**
- \* **Skirting board**
- \* **Storage heater (inc, bricks)**
- \* **Water tank**
- \* **Window frame**
- \* **Wood**
- \* **Other renovation materials**

- \* Dressing table
- \* Filing cabinet
- \* Headboard
- \* Heater (free standing)
- \* Highchair
- \* Lino
- \* Mattress
- \* Ottoman
- \* Sofa
- \* Stool
- \* Table
- \* Underlay
- \* Vinyl flooring
- \* Wardrobe

- \* **Other freestanding furniture**

#### 4. Miscellaneous household items

Yes please

- \* **Bedding**
- \* **Blinds**
- \* **Bucket**
- \* **Clothes airer**
- \* **Curtains**
- \* **Ironing board**
- \* **Lamp shade**
- \* **Linen basket**
- \* **Plastic baby bath**
- \* **Plastic containers**
- \* **Pram**
- \* **Rug**
- \* **Shoe rack**
- \* **Suitcase**

#### 5. White goods

Yes please

- \* **Cooker**
- \* **Dish washer**
- \* **Freezer**
- \* **Fridge**
- \* **Microwave**
- \* **Tumble drier**
- \* **Washing machine**

## 6. Other

Yes please

- \* **Bike**
- \* **Sledge**
- \* **Toy scooter**
- \* **Trampoline**
- \* **General waste (maximum of 2 black bags) (i)**

No thanks

- \* **Car parts**
- \* **Gas Cylinder**
- \* **Liquids (including liquids in containers)**
- \* **Recyclates (materials that can be recycled) (ii)**

(i) Continuous requests from the same household for excess general waste collection will be refused.

(ii) Please refer to Sections 3, 4 and 5 for materials that can be recycled.

These lists are not exhaustive and may be subject to change without notice.

## HOW

For further information about the Bulky Waste Collection Service, or to arrange a collection please contact us on:

0300 123 4565

[www.moray.gov.uk](http://www.moray.gov.uk) or email

[bulkyuplift@moray.gov.uk](mailto:bulkyuplift@moray.gov.uk)

- **Remember that if you have work done at home, for example a new kitchen fitted, you should ensure that proper removal and disposal of the old items is included in the contract.**

## How to use your normal household waste collection service

Across Moray household waste is collected every 3 weeks. Please help us to move towards zero waste by:

- \* Reducing waste and Reusing items where possible (Section 1)
- \* Using your Kerbside Recycling Service or your local Recycling Points & Centres (Sections 3,5 and 6)
- \* Using your Bulky Uplift Service to dispose of large items of waste (Section 7)
- \* Using your existing green waste bin to only dispose of any household waste that cannot be reduced, reused or recycled. Please do not leave anything outside of the bin.

Please place the appropriate containers on the kerbside by 7.30am on the scheduled collection day. Please ensure that they are presented on time as route order is subject to change at any time due to road works, crew changes etc. If bins are not presented on time for collection the crew will **NOT** return to service the bin and excess will **NOT** be uplifted on the next collection day.

Uncollected waste or recyclable items can be deposited free of charge at any of the staffed Recycling Centre's at Forres, Elgin, Buckie, Keith and Nether Dallachy, while any uncollected recycling can be deposited at local recycling centres/points throughout Moray.

If you are unsure what your collection day is or what bins should be going out, this can be checked online at <http://bindayfinder.moray.gov.uk/>

### EXCESS WASTE

Excess waste is defined as waste that is not contained in the bin when the bin lid is closed.

- No excess waste will be collected. Householders leaving excess waste out for collection may be fined £200 as it will be classed as fly tipping
- Bin lids must be closed
- If bins are presented with lids open, or with excess waste, neither the bin nor the excess waste will be collected
- Bins may be monitored and their contents checked by Council staff

Moray Council does not collect excess waste for three main reasons:

1. The Council must meet strict European targets to reduce the amount of waste disposed of to landfill. Householders are encouraged to use the Kerbside Recycling Service and/or Recycling Centres & Points to recycle as much of their waste as possible, thus decreasing the amount of waste produced for disposal.
2. The Council has a duty to protect both the public and Council staff from the potential Health and Safety risks posed by the collection of waste that is not properly contained. This includes both manual handling risks and the risk or vermin being attracted by uncontained waste.
3. It is an offence under the Environmental protection Act 1990 for a person to leave waste out with the receptacle, or bin, provided by the local authority.

### HELP AND ADVICE

Householders experiencing difficulties in containing waste in their bin should contact The Waste Hotline:

0300 123 4565

\* The Moray Council **DOES NOT** collect excess waste.

Household waste should only be presented for collection inside your green wheeled bin.

\* Bin will be collected

\* Bin will **not** be collected

\* Bin will **not** be collected.  
Excess waste will **not** be collected

## FLY-TIPPING

Fly tipping is the illegal dumping of any waste. It is a blight on the landscape and costs the taxpayer unnecessary expense to remove it. As well as dumping in lay-bys, grass verges, car parks and other similar locations, fly-tipping includes using lay-by litter bins or other people's bins for your own household waste. Leaving waste at the gates of Household Waste and Recycling Centres is also fly-tipping.

Since the introduction of the Kerbside Recycling Service and the No Excess Waste policy, there has been no increase in fly-tipping in Moray. This is due to the majority of the law-abiding public taking responsibility for their own waste. Most items that are fly-tipped can be disposed of through the Council's Bulky Uplift Service or at the Council's manned Recycling Centres (see section 5 and 6 for details).

If someone offers to dispose of waste for you, it is your responsibility to check that they are a registered waste carrier.

Persons caught fly-tipping will be reported to the Procurator Fiscal and on conviction are liable to a fine of up to £40,000, and/or 6 months imprisonment.

The Anti-Social Behaviour (Scotland) Act 2004 gives the Police, the Council and the Scottish Environment Protection Agency (SEPA) the option of issuing a fixed penalty notice to offenders.

If you see someone fly-tipping, please contact the Keep Scotland Beautiful Dumb Dumpers line on:

**0300 777 2292** or visit

[www.dumbdumpers.org](http://www.dumbdumpers.org)

## ROOM BY ROOM GUIDE

While we appreciate that most people are good at recycling at home, our audits of household waste bins show there is still more that could be done.

Waste audits have shown that around 50% of the average household waste bin was still made up of recyclable material, costing us around £3000 extra per day to send to landfill.

To try and help you get even more from your recycling service we have designed a room by room guide showing all materials and items from each room in the house that should be getting recycled, either by using your own recycling containers or at your nearest recycling centre.

For further information please contact us on:

0300 123 4565 or visit  
[waste@moray.gov.uk](mailto:waste@moray.gov.uk)

Update March 2020

## **BATHROOM**

### **Aerosols**

Deodorants, body sprays, air fresheners, shaving foams. Once emptied, remove any plastic lids/caps etc and simply place in your purple bin or nearest can bank at your local recycling centre or point.

All tins / cans in Moray are delivered to sorting plant in Lossiemouth where they are segregated into steel and aluminium, crushed and baled into cubes for transfer. The steel goes to Gray's Recycling and Williamsons in Moray for reprocessing and the aluminium goes to Novelis Aluminium Recycling in Alloa.

### **Cardboard**

Toilet roll holders, tissue boxes, toothpaste packets. These can go in your Blue bin or your nearest paper / card skip. The mixed paper and card collected in Moray is good quality with low contamination, it is transferred to SAICA NATUR, Kirkcaldy who send it to UPM Newsprint Mill in Wales for recycling, primarily into newsprint.

### **Glass Bottles**

Aftershaves and perfumes as well as some gift soaps & bubble bath come in glass bottles. These can simply be rinsed out and put in your orange Box or nearest glass bank at your local recycling centre or point.

The mixed glass from Moray is delivered to MKD32 Ltd in Leith where it is crushed and stored before being shipped to make further glass products Medicines

Most pharmacies operate a take back service for un-required medication and tablets. Disposing of medicines in landfill or by flushing them down the toilet can potentially cause a buildup of chemicals in the water supply. Ask your local pharmacy for more information. Glass bottles that held medication should be thoroughly rinsed out and put in your orange recycling box or nearest glass bank.

### **Plastic Bottles**

Hand wash, Shampoo & Conditioner, Shower Gel, Mouthwash, Contact Lens Solutions, Bathroom Cleaner, Bleach – all come in plastic bottles which can be recycled in your purple bin or at your nearest Recycling Centre/Point. Please rinse out the bottles first - to avoid the buildup of chemicals when they are reprocessed- flatten them and put the lids back on to keep them flat.

The plastic bottles are taken to the sorting plant in Lossiemouth, where they are sorted and baled before going to Wyllies Recycling who are based in Perth.

## BATHROOM CONTINUED

### Textiles

Towels & Linen. All textiles can be recycled. If an item is not good enough to be given to charity shops or put in charity banks, they can still be put in your nearest textile bank. All textile banks at Moray Council recycling points are operated by A1 Textiles Ltd, Glasgow who grades all textiles and shoes. A lot of textiles go to Africa & India for re-use, or are either shredded to re-use the fibers in new textiles or used as rags for the cleaning and engineering sector. Don't forget – you can always reuse your old textile items as cleaning rags in your home or garage.

### WEEE (Waste Electrical & Electronic Equipment)

Electric toothbrushes, shavers, and digital scales. All household electrical items that use electricity or have the capacity to do so, including battery powered items, are now covered by the WEEE Directive – the main aim of which is to ensure greater recycling of these items. All the items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling.

---

## BEDROOM

### Aerosols

Deodorants, body sprays, air fresheners. Once emptied, remove any plastic lids/caps etc and simply place in your purple bin or nearest can bank. All tins / cans in Moray are delivered to sorting plant in Lossiemouth where they are segregated into steel and aluminium, crushed and baled into cubes for transfer. The steel goes to Gray's Recycling and Williamsons in Moray for reprocessing and the aluminium goes to Novelis Aluminium Recycling in Alloa.

### Media

All unwanted media (books, cd's, DVDs, vinyl records, and computer games etc) can be recycled in the Media banks at your nearest recycling centre. These are run by the British Heart Foundation, who sells on these items in their shops. You can also hand in these items to Waste Busters in Forres ([www.moraywastebusters.org](http://www.moraywastebusters.org)) or for re-sale, place your unwanted goods on the Freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)), or put details on the notice boards in your local supermarket or shop so they can be re-used by someone else.

### Textiles

Clothes, linen, curtains, and shoes. If an item is not good enough to be given to charity shops or put in charity banks, they can still be put in your nearest textile bank.

## **BEDROOM CONTINUED**

### **Textiles Continued**

All textile banks at Moray Council recycling points are operated by Nathan's Wastesavers Ltd, who grades all textiles and shoes before transferring them to Glasgow. A lot of textiles go to Africa & India for re-use, or are either shredded to re-use the fibers in new textiles or used as rags for the cleaning and engineering sector. Don't forget – you can always reuse your old textile items as cleaning rags in your home or garage. Please note – pillows and duvets cannot be recycled at this time due to the high levels of polyesters / plastics used to make them. However, they can be donated to many local charities, in particular The Salvation Army, New Street, Buckie or to Shelter (The National Campaign for Homeless People), 85 High Street, Elgin.

### **WEEE (Waste Electrical & Electronic Equipment)**

Lamps, hair dryers, straighteners, shavers, chargers, TV's, clock radio's etc. All household electrical items that use electricity or have the capacity to do so, including battery powered items, are now covered by the WEEE Directive – the main aim of which is to ensure greater recycling of these items. All the items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling.

---

## **KITCHEN**

### **Cardboard**

Food packaging, cereal boxes, washing powder boxes, beverage cartons, milk & juice containers etc. These can go in your Blue bin or your nearest paper/card skip. The mixed paper and card collected in Moray is good quality with low contamination, it is transferred to SAICA NATUR, Kirkcaldy who send it to UPM Newsprint Mill in Wales for recycling, primarily into newsprint.

### **Glass**

Jars and bottles. These can simply be rinsed out and put in your Orange Box or nearest glass bank. The mixed glass from Moray is delivered to MKD32 Ltd in Leith where it is crushed and stored before being shipped to make further glass products. Alternatively, why not rinse out any glass jars or bottles and re-use them for storage!

### **Food Waste**

All types of food waste (except liquids) can now be placed in your brown garden waste.

## KITCHEN CONTINUED

### Food Waste Continued

The co-mingled food and garden waste collected from Moray households will be transported to [Keenan Recycling Ltd](#) in New Deer where it will be recycled into BSI accredited compost products using state of the art Vertical Composting Units (VCU). This is different from a traditional composting process. Higher temperatures are reached which allows materials such as cooked food, including bones, to be broken down resulting in a safe compost product. Over a third of the food we buy in Scotland is thrown directly into the bin, costing each household around £460 per year in food waste, and with children in the household, this figure can be even higher! Why not visit the Waste Aware Scotland website ([www.wasteawarelovefood.org.uk](http://www.wasteawarelovefood.org.uk)) for details of their 'Love Food Hate Waste' campaign to see how much you could save and handy tips on reducing your food waste.

### Plastic Bottles

Juice bottles, milk cartons, hand wash, washing up liquid, washing machine softener, kitchen cleaner, and bleach – all come in plastic bottles which can be recycled in your purple bin or at your nearest Recycling Centre. Please rinse out the bottles first - to avoid the build up of chemicals when they are reprocessed- flatten them and put the lids back on to keep them flat. The plastic bottles are taken to the sorting plant in Lossiemouth, where they are sorted and baled before going to Wyllies Recycling who are based in Perth.

### Textiles

Tea towels and hand towels. If an item is not good enough to be given to charity shops or put in charity banks, they can still be put in your nearest textile bank. All textile banks at Moray Council recycling points are operated by A1 Ltd, who grades all textiles and shoes before transferring them to their plant in Glasgow. A lot of textiles go to Africa & India for re-use, or are either shredded to re-use the fibers in new textiles or used as rags for the cleaning and engineering sector. Don't forget – you can always reuse your old textile items as cleaning rags in your home or garage. Don't forget – you can always reuse your old textile items as cleaning rags in your home or garage.

### Tins & Cans

Food and drinks cans, foil trays and clean aluminium foil, bottle tops and lids. All these items should be rinsed out and put in your purple bin, or nearest can bank. All tins / cans in Moray are delivered to sorting plant in Lossiemouth where they are segregated into steel and aluminium, crushed and baled into cubes for transfer. The steel goes to Gray's Recycling and Williamsons in Moray for reprocessing and the aluminium goes to Novelis Aluminium Recycling in Alloa.

## KITCHEN CONTINUED

### WEEE (Waste Electrical & Electronic Equipment)

Toaster, kettle, food processors, radios, dishwashers, and TV's. All household electrical items that use electricity or have the capacity to do so, including battery powered items, are now covered by the WEEE Directive – the main aim of which is to ensure greater recycling of these items. All the items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling.

### White Goods

Cookers, fridges, freezers, washing machines, tumble driers, and microwaves. To arrange an uplift please contact the Waste Hotline on 0300 1234565. Alternatively these items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling. If you are buying new electrical items, suppliers must either operate a take-back service of your old goods, or contribute towards the national scheme. Ask your supplier for details or click below for more details;

[www.recyclenow.com/why\\_recycling\\_matters/electricals/retailer\\_takeback.html](http://www.recyclenow.com/why_recycling_matters/electricals/retailer_takeback.html)

---

## LIVING ROOM

### Batteries

All household batteries can now be recycled at your nearest Recycling Centre. Also, under the new EU Batteries Directive any retailer selling more than 32kg of batteries per year is duty bound to provide battery recycling facilities in their premises. This will include most local supermarkets and shops. The batteries are taken to a re-processor, where they are broken down and the metals reused for more batteries.

### Flowers & Plants

Place these items in your brown bin for kerbside collection or take to your nearest Recycling Centre. These can also be put into a compost bin or green cone to make compost for your garden, or potted plants. The co-mingled food and garden waste collected from Moray households will be transported to [Keenan Recycling Ltd](#) in New Deer where it will be recycled into BSI accredited compost products using state of the art Vertical Composting Units (VCU). This is different from a traditional composting process. Higher temperatures are reached which allows materials such as cooked food, including bones, to be broken down resulting in a safe compost product.

## LIVING ROOM CONTINUED

### Furniture

Unwanted items of furniture should ideally be kept out of landfill, by either donating to charity shops, Waste Busters in Forres ([www.moraywastebusters.org](http://www.moraywastebusters.org)), by posting on the Freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)), or by advertising on notice boards in your local supermarket or shop. Any items unsuitable for reuse can be taken to your nearest Recycling Centre to be sent to landfill. It can also be donated to the Furniture Re-use network - [www.frn.org.uk](http://www.frn.org.uk)

### Light Bulbs

Traditional light bulbs **cannot** be recycled, and should be placed in with your household waste. Energy saving light bulbs and fluorescent strip lights can be recycled at your nearest Recycling Centre.

### Media

All unwanted media (books, cd's, dvd's, vinyl records, computer games etc can be recycled in the Media banks at your nearest recycling centre. These are run by the British Heart Foundation, who sells on these items in their shops. You can also hand in these items to Waste Busters in Forres ([www.moraywastebusters.org](http://www.moraywastebusters.org)) or for re-sale, place your unwanted goods on the Freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)), or put details on the notice boards in your local supermarket or shop so they can be re-used by someone else.

### Paper/Cardboard

Newspapers & magazines, and tissue boxes. These can go in your Blue Bin or your nearest paper / card skip. The mixed paper and card collected in Moray is good quality with low contamination, it is transferred to SAICA NATUR, Kirkcaldy who send it to UPM Newsprint Mill in Wales for recycling, primarily into newsprint.

### WEEE (Waste Electrical & Electronic Equipment)

TV's, videos, DVD players, sky boxes, pc's, laptops, lamps, chargers etc. All household electrical items that use electricity or have the capacity to do so, including battery powered items, are now covered by the WEEE Directive – the main aim of which is to ensure greater recycling of these items. All the items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling. If you are buying new electrical items, suppliers must either operate a take-back service of your old goods, or contribute towards the national scheme. Ask your supplier for details or click ([www.recyclenow.com/why\\_recycling\\_matters/electricals/retailer\\_takeback.html](http://www.recyclenow.com/why_recycling_matters/electricals/retailer_takeback.html)) for more details. Alternatively, if your electrical items are still in working order, why not post them on the freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)) or on the notice board of your local supermarket or shop, so they can be re-used by someone else.

## GARDEN

### Clean Soil / Earth

All clean earth or soil from domestic properties can be taken to your nearest Recycling Centre. From here it is transferred to Nether Dallachy to be used as daily cover for Moray Councils landfill site. Soil and earth should **NOT** be placed in your brown bin.

### Flowers, bushes, and branches

Place these items in your brown bin for kerbside collection or take to your nearest Recycling Centre. These can also be put into a compost bin to make compost for your garden, or potted plants. The co-mingled food and garden waste collected from Moray households will be transported to [Keenan Recycling Ltd](#) in New Deer where it will be recycled into BSI accredited compost products using state of the art Vertical Composting Units (VCU). This is different from a traditional composting process. Higher temperatures are reached which allows materials such as cooked food, including bones, to be broken down resulting in a safe compost product.

### Stones / Paving

These can be taken to your nearest Recycling Centre. From here they are transferred to Grays Recycling Services, Nether Dallachy, Spey Bay where they are crushed and used as aggregate / gravel in the construction industry.

### Turf

Small amounts of turf can be taken to your nearest Recycling Centre. From here it is transferred to Nether Dallachy to be used as daily cover for Moray Councils landfill site. Turf should **NOT** be placed in your brown bin due to the soil content.

### Wood

Fence posts, panels, and trellises. These can be taken to your nearest Recycling Centre and put into the clean wood skip. This is then transferred to TEAM (Wood Recycling Training Project), Chanonry, Elgin where it is broken down and sold on as reclaimed timber. You can also take items directly to TEAM for reclamation.

---

## GARAGE/SHED

### Batteries

Cordless tool batteries - all household batteries can now be recycled at your nearest Recycling Centre. Also, under the new EU Batteries Directive any retailer selling more than 32kg of batteries per year is duty bound to provide battery recycling facilities in their premises. This will include most local supermarkets and shops. The batteries are taken to a re-processor, where they are broken down and the metals reused for more batteries.

## **GARAGE/SHED CONTINUED**

### **Bikes**

Unwanted bikes that are in good condition can be donated to Waste Busters in Forres ([www.moraywastebusters.org](http://www.moraywastebusters.org)), alternatively place your unwanted goods on the Freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)), or put details on the notice boards in your local supermarket or shop so they can be re-used by someone else. Any bikes that are taken to the recycling centres are placed to one side and Outfit Moray come and collect them.

### **Gas Cylinders**

Your local suppliers of bottled gas might take back empty cylinders otherwise J.G. Williamson Ltd, Scrap Metal Merchants, Moycroft, Elgin will accept them.

### **Oil Tanks**

Moray Council cannot accept old oil tanks at this time. If buying a new / replacement tank ask your supplier whether they offer a take back scheme for disposing of your old tank.

### **Paints & Solvents**

Containers of paint should NOT be placed in your wheelie bin. Subsequent handling of the waste can result in leakage of the contents over equipment and roads. If you have any surplus paints that you need to get rid of, you could contact a local community group to see if they could use it. Otherwise, all paints and solvents can be taken to your nearest Recycling Centre and placed in the skip for paints.

### **WEEE (Waste Electrical & Electronic Equipment)**

Power tools, electric mowers & strimmer's. All household electrical items that use electricity or have the capacity to do so, including battery powered items, are now covered by the WEEE Directive – the main aim of which is to ensure greater recycling of these items. All the items can be recycled at your nearest Recycling Centre. From here they are transferred to Viridor Electrical Recycling, Perth, where they are broken down and all recyclable components removed for recycling.

---

## **DIY**

### **Asbestos**

Roof sheets can be taken to Moycroft, Elgin. Please phone 01343 563382 prior to delivery to arrange a suitable time. Up to 12 sheets can be delivered at one time ; they must be double wrapped in plastic and in packs of 3 or 4 sheets for ease of handling.

## **DIY CONTINUED**

### **Bathroom Suites**

If your bathroom suite is in good condition, why not place your unwanted goods on the Freecycle network ([www.freecycle.org/group/UK/Scotland/Moray](http://www.freecycle.org/group/UK/Scotland/Moray)), or put details on the notice boards in your local supermarket or shop so they can be re-used by someone else. If they are unusable, they can be taken to your nearest recycling centre. If the goods are ceramic or porcelain, please remove all metal and wooden items, and place in the bay with stones and rubble, from where they are transferred to Grays Recycling Services, Nether Dallachy, Spey Bay where they are crushed and used as aggregate / gravel in the construction industry. If the suite is plastic it can be placed in the bulky items bay to be sent to landfill.

### **Glass Pyrex Dishes/ Windows**

These cannot currently be recycled due the metallic content used in the original manufacturing process. They can be taken to your nearest Recycling Centre, where they can be disposed of in the household waste skip.

### **Kitchen Units**

These can be taken to your nearest Recycling Centre and placed in the mixed wood skip. The contents of these skips are transferred to Grays Recycling Services, Nether Dallachy, where they are shredded to be made into chipboard and other wood products at various locations around the country.

### **Rubble & Brick**

These can be taken to your nearest Recycling Centre. From here they are transferred to Grays Recycling Services, Nether Dallachy, Spey Bay where they are crushed and used as aggregate / gravel in the construction industry.

### **Skirting / Doors**

These can be taken to your nearest Recycling Centre and put into the clean wood skip. This is then transferred to TEAM (Wood Recycling Training Project), Chanonry, Elgin where it is broken down and sold on as reclaimed timber. You can also take items directly to TEAM for reclamation.

### **Scrap Metal – Radiators, copper piping, hand tools etc**

All metal or mostly metal items can be taken to your nearest Recycling Centre, where they can be placed in the metal skip. From here they are transferred to either D&S Metals, Forres or to J.G.Williamson Ltd, Elgin where it is separated into ferrous or non-ferrous metals, before being transported to various re-processors to be recycled into more metal products.

## OPTICIANS

### Specsavers

10% (670 million) of the world's population are visually impaired because they do not have access to the glasses they need.

Specsavers <http://www.specsavers.co.uk/> runs a nationwide glasses recycling scheme in aid of Vision Aid Overseas, a charity dedicated to helping people in Third World countries by providing them with basic eye care. It was set up in 1985 and operates the largest specs recycling scheme in the UK, where glasses are collected, sorted, graded and packed prior to transportation overseas to help thousands of patients every year. The charity also sends teams of volunteer optometrists and dispensing opticians abroad to screen patients. For more information visit [www.vao.org.uk](http://www.vao.org.uk)

All glasses are potentially useful so, if you have any lying around gathering dust, why not put them to good use? Drop off your unwanted specs at:

Specsavers  
96-98 High Street  
Elgin  
Moray  
IV30 1BJ

tel: 01343 552204

### OTHER OPTICIANS TAKING PART IN THE SCHEME ARE:
