

What you pay for your water and waste water services in 2017/18

Always working so the
cycle never stops

Scottish Water

Trusted to serve Scotland

We are always working 24 hours a day, 365 days a year to keep the water cycle running smoothly and your charges low.

Each year we invest every penny we collect through customer charges to run and improve your water and waste water services.

We maintain and are improving **244** water treatment works and **30,062** miles of water pipes to deliver clear, fresh drinking water when you turn on the taps in your home.

We also maintain and are improving **1,851** waste water treatment works and **31,621** miles of sewers to help protect the natural environment in your area.

On average, we carry out **1 quality test every 2 minutes[†]** on the tap water we supply, to make sure that you enjoy your supply of Scottish drinking water.

[†]This is based on 2015 figures, the most up to date figures available at time of going to print.

You get all this for less than £1 a day for the average household.*

*The average household is between Council Tax Band B and Band C and has a combined bill of less than £1 a day. Individual Water Supply and Waste Water Collection charges are less than £1 a day for all households (except for the individual Waste Water Collection charges for Band G households and the individual Water Supply and Waste Water Collection charges for Band H households).

Promising to give you value for money

We are always working hard so the cycle never stops. We continue to successfully deliver a quality service to you, our customers. The quality of your Scottish drinking water has never been better, and we work 24 hours a day, 365 days a year to deliver these essential services to you and provide you with the best value for money.

To help us make sure that we can continue to provide you with at least the same high levels of service that you currently receive, in 2017/18 the Combined Services charge for the average household will rise by around £6 from the amount last year. At £357, the average Scottish Water bill will still stay lower than the average bill in England and Wales.

Keeping you informed

You can keep up to date about our work or service updates, such as having no water supply, in your area:

Visit: **www.scottishwater.co.uk/updates**

Text (SMS): If you would like to receive free texts (SMS)** please text the word **'Update' with your postcode** to **82228** (Example text: Update EH10 6XH).

For more info and T&Cs visit **www.scottishwater.co.uk/textterms

Our services – your rights

You, our customers, are at the heart of everything we do.

We always aim to deliver on our promises and do what we say, when we say we will do it. It is important that we aim to provide you with a great customer experience and we are always looking at how we can improve the service and the value that we provide.

We want you to be aware of our promises and your rights under our service standards. To find out more, visit **www.scottishwater.co.uk/yourrights**

Doing the right thing, for your home and for Scotland

There are lots of simple but effective things we can all do to help save your drains and keep the water cycle running smoothly. These will help protect your home, your local community and the rivers, burns, coastal waters and beaches in your area:

- Put all wipes and other bathroom waste in the bin, not down the toilet;
- Recycle or put all cooled fat, oil and grease in the bin, not down the sink^; and
- Use water wisely, turn off the tap while you brush your teeth.

^ Please check with your local Council/waste contractor for info on how to recycle or dispose of used fat, oil and grease in your area.

To find out more, visit **www.scottishwater.co.uk/cycle**

Who regulates the water industry in Scotland?

The Water Industry Commission for Scotland is the economic regulator of the water industry in Scotland, approving the levels we charge you. The Commission can be contacted at **www.watercommission.co.uk**

Citizens Advice Scotland (CAS) represents the interests of consumers within Scotland's water industry. CAS can be contacted on **03454 04 05 06** or at **www.citizensadvice.org.uk**

The Drinking Water Quality Regulator (DWQR) monitors and regulates the quality of the water we deliver to you. The DWQR can be contacted at **www.dwqr.scot**

The Scottish Environment Protection Agency (SEPA) sets standards for and monitors waste water and other discharges into local streams, rivers and the sea. SEPA can be contacted at **www.sepa.org.uk**

Household charges 2017/18

Your charges are based on the Council Tax Band for your home. For 2017/18 the Combined Services charge for the average household will rise by 1.6% from what you paid last year. The table below tells you what your charges are from 1 April 2017 to 31 March 2018.

Council Tax Band	Water Supply	Waste Water Collection	Combined Services
Band A	£132.84	£154.20	£287.04
Band B	£154.98	£179.90	£334.88
Band C	£177.12	£205.60	£382.72
Band D	£199.26	£231.30	£430.56
Band E	£243.54	£282.70	£526.24
Band F	£287.82	£334.10	£621.92
Band G	£332.10	£385.50	£717.60
Band H	£398.52	£462.60	£861.12

These charges apply to every household which has a connection to the public water supply, the public waste water network, or both.

Your water and waste water charges will be shown on your Council Tax bill, **even if you receive Council Tax Reduction**. Some Council Tax exemptions and discounts will also apply to these charges, such as single occupancy or if you are a student.

If your property has been altered to meet the needs of a disabled person, you may be entitled to a Disabled Banding Reduction on the charges you pay for your property.

Your local Council bills and collects these charges on our behalf and you can find details of how to pay on your Council Tax bill. Please contact your local Council for more information and help with payment options.

Important: If you receive Council Tax Reduction you must still pay a water and waste water charge for the services that you have at your home. However you will receive a reduction of up to 25% on the charges shown in the table above.
