WEEE	889	Viridor, Perth Items stripped, materials recovered & recycled

The council department concerned do not have details regarding what the materials are recycled into. This information is therefore exempt under Regulation 10(4)(a) of the Environmental Information (Scotland) Regulations 2004 – Information Not Held.

They also do not have data for the percentage of each material recycled – loads from the council are mixed with loads from elsewhere, so it would not be possible to give an accurate percentage. This information is therefore exempt under Regulation 10(4)(a) – Information Not Held. However, the department concerned state that rejection rate of Moray Council loads is minimal.
