The costs involved in wholescale remedial works is 2/3 times that of replacement in pvc. The design proposed was to mimic the original sash and case, so appearance is in keeping with the building's architecture. The immediately adject former Park Hotel residential development has a mixture of existing and new housing. All the windows are of the same design and material as proposed for Sunny Bank. There are many properties in close proximity to Sunny Bank that are either pvc or aluminium frames, with varying designs and all within the conservation area. Immediately to the right of Sunny Bank, the adjacent property has a large upvc conservatory on the main elevation.  At Sunny Bank there is a rear facing single storey extension that already has pvc windows and french doors, so a precident has been set.  A list of the nearby properties within the conservation area, with pvc and aluminium is attached.
