Re: Letter of Invitation

The Moray Council has been approached by the British Consulate-General Chongqing supported by the British Embassy in Beijing to support the visit of a Maotai Town and Renhuai City delegation (list of delegates and schedule attached) for the purpose of visiting the Moray Speyside region to gain knowledge on the development of this rural region, tourism and the food and drink production, as well as establishing cultural exchange and partnership opportunities with us.

We would like them to visit Moray Speyside for 2 days during December 2018. The cost of the visit will be to the account of the delegation

Yours sincerely

Roddy Burns
Chief Executive

British Consulate-General Chongqing
