

FOI Request - Facilities for Young Trans Students – 101003268652

School	Trans Students	Comments
Buckie High School		1) the gender they identify as Yes - see answer to 3 2) their choice Yes - see answer to 3 3) an alternative option such as the accessible/neutral/nurse's bathroom This has been our preferred option so far - and students have been delighted to take it. 4) neither/some/all of the above (please elaborate) Any further commentary (e.g., "we only have neutral bathrooms") or clarification (e.g., if the answer differs in the case of changing facilities) is welcomed. We have a mixture of gender specific and gender neutral facilities - trans students are involved in discussion around which options suit them best and supported in that. This has extended (for example) to changing rooms - where options have including using staff facilities or accessible toilets. Typically this issue is more contentious for parents - the students typically just get on with it.
Elgin Academy		Our response would be option 4. We do have trans pupils and have had a number of the year, each individual case is treated in its own right. Pupils have a choice in the main but we also do have alternative toilets if the pupils wish for this. It is all done in discussion with the young person.
Elgin High School	NIL – Not held.*	
Forres Academy		We would offer an alternative neutral toilet (we have a few dotted around the school).
Keith Grammar School		Option 3 - an alternative option
Lossiemouth High School	NIL	We do not have any trans pupils but we have students who identify as them/they. These pupils choose to change for PE etc. in one of our accessible toilet areas.
Milne's High School		4) <del>neither/some/all</del> of the above (please elaborate) Any further commentary (e.g., "we only have neutral bathrooms") or clarification (e.g., if the answer differs in the case of changing facilities) is welcomed.
Speyside High School		We discuss with the young person and (parent where appropriate) and make a decision on a case by case basis.

Hythehill Primary	-	an alternative option such as the accessible/neutral/nurse's bathroom - Most Likely 4) neither/some/all of the above (please elaborate) Any further commentary (e.g., "we only have neutral bathrooms") or clarification (e.g., if the answer differs in the case of changing facilities) is welcomed. With Primary school pupils I would be likely to involve parents, where appropriate along with pupils to find a solution which suits the child.
Keith Primary	NIL	
Kinloss Primary	Less than 5	1) the gender they identify as No - alternative provision has been provided using the disabled toilet as a unisex toilet, which has been communicated to the parent of the trans child 2) their choice No - alternative provision has been provided using the disabled toilet as a unisex toilet, which has been communicated to the parent of the trans child 3) an alternative option such as the accessible/neutral/nurse's bathroom Yes as agreed with the parent and after consultation with HQ on guidance of this 4) neither/some/all of the above (please elaborate) Any further commentary (e.g., "we only have neutral bathrooms") or clarification (e.g., if the answer differs in the case of changing facilities) is welcomed.

Mortlach Primary	NIL	
Mosstodloch Primary	NIL	
Mosstowie Primary	NIL	
New Elgin Primary	NIL	At New Elgin we do not have gender neutral toilets so we would in conjunction with the parents and child, agree that the safest place would be the toilet in the medical room or the disabled toilet both of which are single toilets.
Newmill Primary	NIL	
Pilmuir Primary	NIL	Hypothetically - it would be responsive to each individual situation.
Portessie Primary	NIL	
Portgordon Primary	NIL	Hypothetically, I think initially we would offer any pupil concerned access to the accessible bathroom in either school which is currently not being used. This would give us an opportunity to discuss the situation with the individual pupil and their parents/carers. We don't have changing facilities in school so only the query regarding bathrooms is relevant for our schools
