Health and Social Care Moray is the Partnership between Moray Council and NHS Grampian to deliver health and social care services for Moray.

Why we are collecting your personal data

Personal data will be collected from you, or your representative, in order to allow us to assess your suitability for the Community Support Service (CSS).

The personal data that will be collected about you for this process includes your:

- name, address, details about your home environment and information about your health such as your medical history, any health conditions, your personal outcomes, functional ability, and any current medication.

We may also collect data about your next of kin, family members, carers, any power of attorneys or guardianships in place, key holders to your property, GP, pharmacist, and details of any referrals made.

Where CSS is to provide a service, your personal data will be used to plan and provide the service to you. Your Personal Plan will also ask for some extra information, such as your date of birth, CareFirst Number, CHI/NHS Number, phone number/s, hobbies, and weekly activities. This information is required so that we can set personal outcomes with you and tailor a CSS service to meet your personal support needs.

We will also use your personal data to verify your identity where required, to contact you by phone, post, or email, and, to maintain our records.

Personal data we collect from other sources

Typically, this will be a name and contact details (such as a telephone number) and their relationship to you. We will only use this information for this specific purpose.

Whenever the Council processes personal data we need to make sure we have a legal basis for doing so. We understand that our legal basis in Data Protection law for processing this special category data to be Article 9(2)(h) of the UK GDPR and Schedule 1, Part 1, Paragraph 2 of the Data Protection Act 2018; as the processing is necessary for the provision of health or social care or treatment, or the management of health or social care systems and services.
