6. Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

Further written submissions

☐

One or more hearing sessions

☒

Site inspection

☒

Assessment of review documents only, with no further procedure

☐

If you have marked either of the first 2 options, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing necessary.

A hearing session is deemed necessary so that the Local Review Body can discuss face to face the information attached to this Appeal and consider the listed advantages of permitting the garage to be located on the proposed site. Specifically the Council's refusal is technically incorrect (Ancient Woodland) and overly rigid with respect to the application of policy

7. Site inspection

In the event that the Local Review Body decides to inspect the review site, in your opinion:

Can the site be viewed entirely from public land?

☐

Is it possible for the site to be accessed safely, and without barriers to entry?

☒

If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here:
