

Polling Place Review Consultation Results – Stage 1- Current Polling Places

100% of respondents stated they would like to remain a polling place.

Are there any known issues which could impact on the building for use as a polling place?

- Forres House Community Centre
At present the Council are carrying out a review of the future of Leisure and Community facilities in Moray and the outcome of this may affect the Community Centre.
- Burghead Free Church Hall
Hall renovation underway and due to be completed July 2025
- British Legion Hall, Buckie
We currently do not have a functioning kitchen; however, arrangements can be made on the day so that your staff have access to water, a kettle etc. This has been the case the last few times.

Are there any known issues caused as a result of the venue being used as a polling place, if so, what are the issues?

- Forres House Community Centre
Not really a big issue but there is disruption to regular user, clubs etc. on polling day as the facility is closed for these groups.
- Craigellachie Village Hall
The Busy Bees nursery school will not open that day as the room is required for a Polling Place. The primary school pupils continue to use the main hall for their lunches, but are supervised by staff.
- Kinloss Church Hall
We have no real issues other than we have to cancel the evening events the night before the polling day as well as the polling day events so our disruption is perhaps greater than anticipated.

Any further comments?

- Longmore Community Hall
Think we are under Aberdeenshire Council Polling Place since boundary changes?
- Williamson Hall
We can easily shift our groups when notification received as we can sufficient advance notice
- Edinkillie Community Hall
We hope that we will be able to continue to provide this valuable local service
- Alves Hall
We are happy to continue to be used as a Polling Station
- Hopeman Memorial Hall

Happy to stay as a polling station

- Moray Sports Centre
We would be happy to continue being a Polling Station
