

**Crossroads Primary School Statutory Consultation
Pupil Survey Responses**

School	Class	Do you think Crossroads Primary School should re-open? Why?	If Crossroads Primary School did re-open, would you like to go there? Why?	What do you like about your current school? What would be different if you had to go to Crossroads Primary School
Keith Primary	Focus group of 12 pupils from P4-P7	<p>Yes – for people to live between here and Cullen. Saves them travelling.</p> <p>No – no point in it staying open. Costs lots of money.</p>	<p>Definitely not 9</p> <p>Probably not 3</p> <p>Not sure 2</p> <p>Reasons against going to Crossroads: Less equipment, staff, smaller school, Not so many friends of your age group, Small playground, not so much to do, The work would have to be at different levels in the class, Could make the transition tricky going to a small school to a big school especially with all the different teachers. Might be a huge shock and feeling crowded.</p> <p>Crossroads is close to a road.</p> <p>Reasons for:</p> <p>No option of Active Travel if they had to go to another school. Would have to go in a car, Staff would get to know you well and your level</p>	<p>Lots of people in our school – no so many chances to make friends. Some people wouldn't like to be in the same class as their brother or sister.</p> <p>The Beeches – lots of help for pupils with needs</p> <p>Lots of staff here</p> <p>Different zones in playground – lots of space. Proper place for football</p> <p>Equipment and resources are good at Keith Primary. The building is new and doesn't need repairs</p> <p>Different teachers give you different experience</p>
Rothiemay Primary	Crossroads catchment pupils attending RPS	<p>Yes – it would be closer and not take us so long on the bus.</p>	<p>Yes: It's closer to where I live. It would be smaller than Rothiemay.</p> <p>No: My friends are at Rothiemay.</p>	<p>Current School: Friendly Kind teachers</p> <p>Big hall for PE I play with my friends</p> <p>We have a big field.</p> <p>Different: Everyone in one class P1-7</p> <p>We had an apple tree. We didn't work in a group. We worked on our own most of the time.</p>

School	Class	Do you think Crossroads Primary School should re-open? Why?	If Crossroads Primary School did re-open, would you like to go there? Why?	What do you like about your current school? What would be different if you had to go to Crossroads Primary School
Newmill Primary	P6/7	<p>Yes, So we have more schools, They can go to a local/closer school</p> <p>Wasting petrol to go to a school further away More jobs e.g PSA, teachers</p> <p>Waste of a building to sit empty</p>	<p>No – none of us live local to that school</p>	<p>Current: Friends Teachers our unique style of learning (wall and pit) Building Playground</p> <p>If we went to Crossroads our school would have less numbers our school might be at risk of closing</p>
St Thomas RC Primary	P1-4	<p>½ of our class: We think it should be closed because there is no point opening it if it will take too long to have more children to go there.</p> <p>½ of our class: We think it should be open because there were some children going there. Then it can grow even bigger</p> <p>Staff: We think it should be closed. Children need a social education and having a small amount of children will hinder their social development.</p>	<p>2 out of 13 pupils would like to go there.</p> <p>We already have friends at our schools, we would miss them if we move to Crossroads.</p>	<p>We like fun jobs and activities with all our toys and teachers we aren't sure it would be the same at Crossroads.</p> <p>Here we see our nursery friends, we wouldn't see nursery children at Crossroads.</p>
