EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision for relief from liability to pay non-domestic rates for lands and heritages used for certain purposes, for the financial year 2026-2027.

Regulation 3 makes provision for how an application to obtain the relief in regulation 4 must be made.

Regulation 4 and schedule 1 provide for relief from liability to pay rates in respect of use of lands and heritages wholly or mainly for retail, hospitality or leisure purposes, where the lands and heritages have a rateable value of no more than £100,000. The relief applies to lands and heritages which have a rateable value no higher than that threshold, other than those granted relief under regulation 5.

Regulation 4(3) sets out that in respect of any day in the financial year 2026-2027, the rates payable are reduced by an amount equivalent to 15% of the gross rates payable in respect of the lands and heritages for the day. Regulation 4(4) to (7) sets out how the figure to be taken to represent the gross rates payable in respect of a day is to be arrived at, this depending on whether or not relief under either or both of the Non-Domestic Rates (Transitional Relief) (Scotland) Regulations 2026 and the Non-Domestic Rates (Relief for New and Improved Properties) (Scotland) Regulations 2022 is also granted, in addition to relief under these Regulations. The relief given to any particular ratepayer under these Regulations may not reduce the amount of rates that are payable to less than nil. Further, entitlement to the relief is excluded where lands and heritages are used wholly or mainly for a purpose for which a short-term let licence is required, but no such licence has been obtained.

Regulation 5 and schedules 1 and 2 provide for relief from liability to pay rates in respect of lands and heritages used wholly or mainly for retail, hospitality and leisure purposes where they are situated on an island falling within the definition in regulation 2 or in remote areas falling within the boundaries described in schedule 2. The boundaries in schedule 2 are described using Ordnance Survey National Grid references, along with a topographical description of the course of the boundary between each grid reference. Together these boundaries enclose the three areas in question. The areas form part of peninsulas, namely Cape Wrath, Knoydart, and Scoraig, which are not accessible via the public road network. Illustrative maps of the areas falling within the boundaries accompany this explanatory note. Copies are also available for inspection at the Scottish Government Local Government and Analytical Services Division, Victoria Quay, Edinburgh, EH6 6QQ. Regulation 5(2) provides that 100% relief is granted in respect of any day in the financial year 2026-2027. Entitlement to the relief is excluded where lands and heritages are used wholly or mainly for a purpose for which a short-term let licence is required, but no such licence has been obtained.

Regulation 6 provides that the maximum amount by which the rates liability of a particular ratepayer may be reduced under these regulations is £110,000. This will apply to relief under regulation 4 or 5, where only one applies, or to the combined effect of relief under both regulations, where a ratepayer has lands and heritages eligible for relief under regulation 4 and other lands and heritages eligible for relief under regulation 5.
