5<sup>th</sup> June 2007

Dear Mr Holland

I have had concerns about road safety on Walkers Crescent for some time. Since the new houses were built, there has been an increase in the number of pedestrians, bicycles and motor cycles using the pathways across the field, round the back of our house and down our drive.

This was highlighted on Friday evening when a motor cycle collided with my daughter's car on our drive. He came out of the field at speed and went up over the bonnet of the car. My daughter reported the incident to the police, and fortunately, in this instance nobody was injured.

I feel with the increased traffic, both pedestrian and vehicular, now using the crescent it will however only be a matter of time before someone is seriously injured.

I would be grateful if you could give this matter urgent consideration and I look forward to hearing from you.

Yours sincerely

Moira Gillespie
