26th February 2008

Dear Mr Holland

REF Outline Planning Application, Walkers Crescent

Please find enclosed a copy of the letter sent to Mr M Booth detailing our objections to the above mentioned planning application.

From our previous correspondence you are aware that I have had concerns for some time about road safety on Walkers Crescent and this new planning application for two more houses to have access down our narrow drive and public walkway give even further cause for concern.

I do hope these concerns can be given full consideration when this planning application is discussed, and I look forward to hearing from you.

Yours sincerely

Moira Gillespie

cc Douglas Ross, Councillor, Moray Council
