Review Procedure				
The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.				
Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. *				
☐ Yes ✓ No				
Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may select more than one option if you wish the review to be conducted by a combination of procedures.				
Please select a further procedure *				
Inspection of the land subject of the appeal. (Further details below are not required)				
Please explain in detail in your own words why this further procedure is required and the matters set out in your statement of appeal it will deal with? * (Max 500 characters)				
If further information is required we would appreciate it if it were dealt with via a site visit to draw attention to the merits of the proposal, ie a brownfield development of two modestly sized houses in an area of Moray that needs affordable housing.				
In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:				
Can the site be clearly seen from a road or public land? *				
Is it possible for the site to be accessed safely and without barriers to entry? *				
If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here. (Max 500 characters)				
No problems at all, however applicant would appreciate being there.
