3rd October

Dear Mr. Gibson

Extension to 'Southview', The Wyndies, Garmouth

I understand that Future Plans have made initial enquiries in respect of the above proposed development on behalf of Mr. and Mrs. Lambart and have been informed that you would recommend refusal of planning permission on the grounds that an extension to the rear of the cottage, consisting of a one and a half-storeyed garage, bedroom and bathroom, would unacceptably alter its character.

First of all, and with the greatest respect, I should like to point out that my house, situated to the rear of Ian and Mary's house, is of a similar design, albeit sited at right angles to it, and facing on to The Wyndies.

Furthermore, I would have absolutely no objections to the extension going ahead, as envisaged by Future Plans.

Consequently, I should be grateful if you would take into consideration these points when coming to a decision about the recommendation you would be making to the Planning Committee in due course.

Yours truly,

Jill Grant (Mrs.)
