8<sup>th</sup> November, 2013

Dear Sir/Madam

Request for Review 13/01158/PPP

I refer to letter dated 28<sup>th</sup> October 2013 and ask that you should further reject planning permission for the houses in the grounds of Meadowlark Nursing Home.

The green space in between our houses in Mannachie Brae and the Nursing home is of great importance to the overall privacy of our homes.

I feel very strongly about the construction of these houses disturbing the relative peace and quiet for not only us but for the residents of the home. The dust and dirt which will be generated will be an unnecessary contributor to the environment. All of the residents are in poor health and are, realistically speaking, spending their last days and months in Meadowlark. Why would anyone want to add to their stress?

Yours faithfully,

Mrs Joan Addis
