**Police Scotland Report:** PC Mcpherson presented the monthly police report. **Motoring Offences:** four speeding; one driving without insurance; one driving with defective tyres and lighting offences. **Shoplifting Offences:** Two males in their 40s stealing liquor and assaulting a staff member; female 30s theft of wine; male 20s theft of alcohol and male 20s theft of foodstuffs. **Antisocial behaviour** fixed penalty notices issued to 4 males for urinating in the street and a female for causing a disturbance in the street. Cllr Noble asked if the Forres Office will be closed at week-ends. PC McPherson replied that there should always be cover but if the station is unattended then the intercom system may be used to contact the service centre. **Public Session:** The Chair of Forres Area Community Trust (FACT) gave details of its **Forres Solar Meadow Proposal**. Initial assessments indicate that the proposed project to generate electricity using photo-voltaic panels is viable. More detailed investigations by specialists is now required and it will be possible to access funding to take the project forward if it is suitably supported by the community. Research has shown that Forres is a suitable area. Solar panels are relatively maintenance free, create no noise pollution or reflective glare. The set-up costs are estimated to be in the region of £5 million pounds. The energy generated would be fed in to the National Grid and a feed-in tariff would be paid for the energy produced and a further export fee would be gained from supplying to an electricity company. Profits would be used to support the well being of the Forres Academy catchment area and there will be a Public Meeting for residents to give their views about the proposed project. Cllr Murdoch asked the projected size of the site and was informed it would be in the region of 18 acres. Cllr Noble asked if the business feed-in tariff will be the same as the domestic feed-in tariff and was informed that this will not be clear until a site is chosen. There are three potential sites under consideration but details cannot be released at present for business reasons. **Forres in Bloom** is seeking volunteers to help clear detritus in Grant Park on Sunday 23<sup>rd</sup> March at 2pm.

**Moray Councillors :** Moray Cllr Skene reported that the Flood Alleviation programme is proceeding ahead of schedule and that the **A96 and new roundabout** will be opened by the end of April. The whole project may be completed by the end of November. Interviews for **Depute Head Teachers of Moray Secondary Schools** are being held during March. The online consultation for the **Sustainable Schools Review** will close on Monday 24<sup>th</sup> March and the results which will include all comments submitted will be published on Friday 28<sup>th</sup> March 2014. The **Forres Community Centre Youth Area** has been designed by young people and £10 000 has been raised. Work is expected to start in the near future. The Equality Impact Assessment carried out for **Forres Out of School Club** has been found to be 'not robust enough'. The full council will consider on April 2<sup>nd</sup> 2014. Cllr Skene has grave doubts that the club will continue after August 2014. Cllr Noble asked if the proposed house building programmes in Forres have been taken in to account in reaching the decision. Cllr Skene replied that projected school rolls up to 2020 have been taken into consideration. The **Falconer Museum** is due to be handed to The Friends of Falconer Museum from 1<sup>st</sup>

April 2014 **but there will be a delay while systems and processes are being investigated.** The Moray Council will be responsible for keeping the building wind and water tight. Moray Cllr Mclean reported that Keep Scotland Beautiful has initiated a **Litter Picking** Campaign. Groups are asked to register with Steve Williamson of The Moray Council and arrangements will be made to collect any litter gathered. Cllr Mclean urged the public to respond to the **Sports and Leisure Review**. Paper copies are available at Forres Community Centre and online responses are welcomed. **Moray Cllr Alexander explained that largely due to the fine weather and because the concrete grout curtain behind Mackenzie and Cruickshank Garden Centre had been replaced by a steel pile driven curtain the final cost of The Flood Alleviation Scheme is expected to be £6 million pounds cheaper.** To date there have been 1500 responses to the **Sustainable Schools Review** consultation and the standard of debate has been very high. The final consultation for the Local Development Plan will be held in April. **Licences** have been granted to Spice of Bengal and Logie Steading whisky Shop. Substantial grants from Entrust, The Landfill Trust have been allocated to Forres area groups. Parents are urged to make contact about the **Out of School Club** closure. The Moray Council Funding will be ceased but there are other possibilities to keep the provision in existence. **Forres Heritage Trust** organised a meeting for Nelson Tower volunteers as did **Piping Hot Forres** whose requirement is 120 to 130 volunteers to cope with an attendance of 20 000 to 25 000 visitors. Cllr Creswell reported that no Easter Holiday activities will be organised by The Moray Council in Forres. The Church of Scotland Youth worker and a council volunteer are preparing a draft programme. **Auchernack Trust** application forms will be available from the last week in March. The **Director of Public Health** has visited Forres to discuss changes and improvements and had engaged with Forres Ball Group ( Be Active, Live Longer). The **Men's Shed** initiative has organised an Open Day on Saturday 22<sup>nd</sup> March from 11 to 2pm at their premises on Moray Waste Busters site at Waterford Recycling Centre. TSI Moray(**Third Sector Interface**) has organised a Seminar at The Alexander Graham Bell Centre of Moray College on Friday 21<sup>st</sup> March. Cllr Alexander intimated that The Moray Council will not leave **COSLA** ( Convention of Scottish Local Authorities) despite losing £4 million because population figures for 2011 are being used to calculate funding. It is hoped that the decision will be changed. Cllr Noble asked what is the benefit of belonging to COSLA. Cllr Alexander explained that it is the negotiating body for all 32 local councils and the Scottish Government will usually accept its decisions.
