Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Statement

You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

1. We do not accept that the proposals are contrary to the planning policies BE2, H5 & IMP1 because the sympathetic design clearly articulates a discreet separation from the existing historic fabric by employing high quality materials in accordance with Section 5 of Historic Scotland's own guidance entitled 'New Design Historic Setting' to create a plain contemporary addition to provide space for home working / new business and a gym area which can also be used for children's play area.

2. We do not accept that the visual impact of the extension looking from Bede Road impact on the historic setting of the Grade B Listed Schoolhouse, which is dominated by the adjacent Grade B listed Rathven Kirk, adjacent agricultural buildings and the general settlement pattern of Rathven as seen from this public vantage point. The previously approved application 12/01780/APP to amend a previous consent 10/00936/APP to erect a new church hall directly opposite the proposed site for the extension would have a far greater impact on this view and sets a precedent we believe

Have you raised any matters which were not before the appointed officer at the time the determination on your application was made?

Yes No
☐ ☒

If yes, you should explain in the box below, why you are raising new material, why it was not raised with the appointed officer before your application was determined and why you consider it should now be considered in your review.
