R-35902	CARRIAGEWAY Drainage Defects/Problems		11/08/14 14:58			Lagan :Heather Pearce	Noted	Sandstones, Dallas.	A lot of homes have already been flooded as the river completely burst its bank so they cannot get into Elgin to collect sandbags. [REDACTED] [REDACTED] has asked if a load of bags could be dropped off in Dallas and he can help neighbours who have managed to pump the water from their homes so when it rains later it will not flood again. Please can you call him so he can find out where sandbags will go. Thanks, heather.P, CC.
R-35904	CARRIAGEWAY Drainage Defects/Problems		11/08/14 15:08			Lagan :Heather Pearce	Noted	Tioga, Dallas	Called at 7.50am out of hours requesting sand bags in Dallas but nothing yet. 4 inches of water under the house already. I informed [REDACTED] [REDACTED] that roads admin said no delivery of bags will take place but I will still request some in case the weather /road conditions ease up and they can be delivered. Thanks, Heather.P, CC.

R-38334	FOOTWAY Footway Defects		26/11/14 08:45			Lagan :Lynne Reid - Admin	Noted	At the entrance to the properties known as Plots 1,2 and 3 Glen Cottage, Dallas. Now known as Tigh na glean, Dallas and Culnacraig, Dallas.	We do not know the address of the house fronting the street. My Wife and I live at Culnacraig, Dallas. The pavement across our entrance road is in deteriorating condition. A channel has formed, made worse by the recent floods, eroding away the existing tar and surface. The pavement was not repaired after the three houses were built. Is it the responsibility of the council to have this repaired or the three home owners? If it is our responsibility we are prepared to pay our share. Do the council go ahead and repair the road and then bill each of the households? If not, is it up to the householders to organise a contractor to carry out the works and if so how do we make sure that each property owner contributes to the cost? The fence on one side of the drive is too high, and there is no visibility splay despite this being shown on plans for the site. A number of residents have expressed concern that the condition of the road end may lead to an accident especially for older people who regularly have to cross it. Thanks Lynne cc
R-38714	WINTER MAINTENANCE Ice or Snow on carriageway		12/12/14 13:16			Lagan :Katherine Gosling	Noted	Road from forres up to Dallas	Unable to get down the road with ease, its very slippery. Enquiry if a gritter could go up to help clear it as advised the post man has had to turn back due to the condition on the roads. Thanks, Katherine cc
R-38768	FOOTWAY Footway Defects	Priority 3	15/12/14 14:38	16/08/15 16:00	01/01/99 00:00	Lagan :Lynne Reid	Work Issued	Rowan Cottage Dallas	Resurface 5m x 2m length of footway 10mm DBM 60mm thk and reset 3m length of 6x5 kerbs to channel water to adjacent gully.
