Date Range :- 01/04/2013 to 01/04/2015 (inclusive)

USRN 263 / 52502
Street Name & Town Knockando Road, Dallas

Instruction Reference	Item Type / Detail	Defect Category	Instr. Time	Target Date	Comp. Date	Source	Current Status	Location Description	Comments
R-36764	CARRIAGEWAY Other Hazard		09/09/14 13:17			Craig Johnston	Noted	At Dallas Primary School	Wall in bank on lead up to Dallas School is in poor condition and needs repaired
R-36912	VERGE Other Hazard		18/09/14 09:36			Gary Grant	Re-Directed to Third Parties	Outside School	There is a small stonework retaining wall (less than 1m high x about 50m long) at the edge of the road which supports the verge / embankment and then the access road to the School. The stonework on this wall is in poor condition (in places) and need repairs. Roads Maintenance has checked the Councils land ownership records and it appears the school grounds include the verge and this wall. Can the Education Section investigate this matter? Please note the condition of this wall was noticed during a routine inspection of the road and not reported as an enquiry from a member of public.
R-41509	CARRIAGEWAY Pothole	Priority 2	20/03/15 14:44	17/04/15 16:00	09/04/15 16:00	Craig Johnston	Works Complete (Awaiting Measure)	(1) beside recycling bins (2) just before school (3) at edge of old track just after school (4) at edge of old track beside Bydand (5) between Bydand & 30mph signs	E & C Potholes at the above locations (1) 1 pothole (2) 2 potholes (3) 1 pothole (4) 1 pothole (5) 5 potholes
