Subject: Notice of review: Planning application 14/01905/APP

Categories: MLRB

Dear Mr Darren Westmacott,

I write regarding the above notice of review noted in your letter to me ref number DW/LR122. I wish my original submissions to stand and make the following observation, car boot sales appear to be going on each Sunday at present, which I presume is in disregard to prevailing permissions given that they have applied for planning permission to hold them.

Regarding the submission by the applicant that Forres Firs carry on a business from there but they ignore the fact that this is a once a year market.

The past costs of a safe junction have no relevance to this application, if proper stacking lanes had been provided at that time then reasonable grounds for a review would be prevailing.

I would submit that the refusal stands.

Kind regards

R C McKay
